

## 1963

1. **Bengtsson, L.**, 1963:  
An investigation of the surface pressure tendencies  
and a vorticity  
budget for a cyclone development. *Geophysica* 8,  
3,  
167-203.

## 1964

2. **Bengtsson, L.**, 1964:  
Some numerical experiments on the effect of  
the variation of static  
stability in two-layer quasi-geostrophic models.  
*Tellus* 16,3,  
328-348.

## 1969

3. **Bengtsson, L.**, 1969:  
Numerical prediction of upper winds and temperatures  
and presentation  
of the numerical forecasts for aeronautical  
purposes.  
*Aeronautical  
Met., Technical Note No. 95*,  
197-210.
4. **Bengtsson, L.**, 1969: An  
experiment in computerised flight planning.  
*Aeronautical Met.,  
Technical Note No.95*,  
305-313.
5. **Bengtsson, L.**, 1969: Compendium  
in numerical weather prediction,  
Part B. *Swedish Meteorological and  
Hydrological Institute*, 145 p.  
(Translated into Spanish and  
Swedish).

6. **Bengtsson, L.** and D.  
Söderman, 1969: Automatic coding of aerological  
telegrams at the  
Swedish Meteorological and Hydrological Institute. *Vaisala  
News*  
41, 1959, Ref. No. B 214.

## 1971

7. **Bengtsson, L.** and N.  
Gustafsson, 1971: An experiment in the assimilation  
of data in  
dynamical analysis. *Tellus23*,  
328-336.
8. **Bengtsson, L.** and L. Moen,  
1971: An operational system for numerical  
weather prediction. In  
*Satellite and Computer Applications to Synoptic  
Meteorology, WMO  
No. 283*, 63-88.

## 1972

9. **Bengtsson, L.** and N.  
Gustafsson, 1972: Assimilation of non-synoptic  
observations.  
*Tellus24*, 383-399.

## 1973

10. **Bengtsson, L.**, 1973: A  
three-parameter model for limited area  
forecasting.  
*Environmental  
Prediction Research Facility, Naval  
Postgraduate School, Monterey,  
California. Technical Paper No.  
73*, 88 p.

## 1974

11. **Bengtsson L.** and P.  
Morel, 1974: The performance of space observing systems for the first GARP Global Experiment. *The GARP Programme on Numerical Prediction, Report No. 6.*

## 1975

12. **Bengtsson, L.**, 1975:  
Four-dimensional assimilation of meteorological observations. *GARP Publication Series No. 15, 76*  
p.
13. **Bengtsson, L.**, 1975: Problems in four-dimensional data assimilation.  
*ECMWF Seminar on Scientific Foundation of Medium Range Weather Forecasts,*  
113-138.
14. **Bengtsson, L.**,  
1975: Design of a forecasting system for ECMWF.  
*Ibid,*  
673-713.

## 1976

15. **Bengtsson, L.**, 1976: A suggested procedure for continuous data assimilation.  
*Proceedings of the JOC Study Group Conference on 4-dimensional data assimilation.* November

1975. *WGNE Report*

No. 11, 332-341.

16. **Bengtsson, L.,**  
1976: Initial data and some practical aspects on  
weather forecasting.  
*Weather Forecasting and Weather Forecasts: Models,  
Systems and  
Users.* National Center for Atmospheric Research,  
254-419.
  
17. **Bengtsson, L.,** 1976: Problems  
and prospects for Medium Range Weather  
Forecasts. *Ibid.*  
663-671 (Translated into  
Chinese).
  
18. **Bengtsson, L.,** 1976:  
Verification activities at ECMWF and in  
Scandinavia.  
*Ibid.*  
721-733.
  
19. **Bengtsson,**  
**L.,** 1976: On the interpretation of large-scale numerical  
weather  
prediction in terms of weather for local forecasting  
purposes.  
(Translated into Japanese). Lecture given to the  
*Extraordinary Session*  
of CBS, 8 November 1976, and published  
by WMO.
  
20. **Bengtsson, L.,** 1976: Problems in  
four-dimensional data assimilation.  
*ECMWF  
Seminar on Scientific  
Foundation of Medium-Range Weather Forecasts,*  
1-12 September  
1975, ECMWF, Reading, U.K.,

113-138.

21. **Bengtsson, L.,** K. Arpe, A. Hollingsworth, Z. Janjic, 1976: A case study of a ten day prediction. *ECMWF Technical Report No. 1*, 105 p. (This paper has also been translated into Russian and published in the USSR, Leningrad, 1979)

## 1978

22. **Bengtsson, L.,** 1978: Growth rate and vertical propagation of the initial error in baroclinic models. *Tellus* 23, 30, 323-334.
23. **Bengtsson, L.,** 1978: Introductory Remarks. *ECMWF Seminar on Parameterization of the Physical Processes in the Free Atmosphere*, 5-16 September 1977, ECMWF, Reading, U.K., 1-4.
24. **Bengtsson, L.,** 1978: Introduction and the problems of weather interpretation. *ECMWF Seminar on the Interpretation and Use of Large Scale Numerical Forecast Products*, 1-16.

## 1979

25. **Bengtsson, L.,** 1979: Problems of using satellite information in numerical weather

prediction. *Proc. of Technical Conference on Use of Data from Meteorological Satellites*. Lannion, France, 17-21 Sept. 1978  
(ESA-SP 143, Oct. 1979, 87-100).

26. **Bengtsson, L.**, 1979: ECMWF global forecasting system. *WMO/JSC Catalogue of numerical models for the First GARP Global Experiment, Part I: Analysis and forecast system*, 32, 287-340.
27. **Bengtsson, L.**, 1979: Numerical prediction of blocking. In: *Stanstead Seminar Proc.*, Nov., 1979.
28. **Bengtsson, L.**, 1979: Numerical prediction of atmospheric blocking - A case study. *ECMWF Seminar on Dynamical Meteorology and Numerical Weather Prediction*, 270-329.
29. **Bengtsson, L.**, 1979: Review of theories for blocking. *Ibid.*, 235-269.
30. **Bengtsson, L.**, 1979: The energy balance in the atmosphere and its role in the general circulation. *ECMWF Lecture Note No. 8*, 69 p.
31. Arpe, K. and **L. Bengtsson**, 1979: Meteorological data: Kind, distribution, accuracy and

representativeness. *ECMWF Lecture Note No. 2*, 46

p.

32. **Bengtsson, L.** and C. Temperton, 1979:

Difference approximations  
to quasi-geostrophic models. *GARP  
Publications Series No. 17, Vol. II.  
Numerical Methods used in  
Atmospheric Models*,  
338-378.

## 1980

33. **Bengtsson, L.**, 1980: On

the use of time sequence of surface pressure  
in four-dimensional data  
assimilation. *Tellus* 32,  
189-197.

34. **Bengtsson, L.**, 1980: The impact

of satellite winds and temperatures  
on numerical weather prediction.  
*Satellite Meteorology of the Mediterranean.*  
(Erice,  
Italy,  
12-22 November 1980) *ESA-SP 159*,  
33-40.

35. **Bengtsson, L.**, 1980: Work of the

European Centre for Medium Range  
Weather Forecasts. *Ocean  
Management* 7 (1981) 99-105.

36. **Bengtsson,**

L., 1980: Current problems in four-dimensional data  
assimilation.  
*ECMWF  
Seminar on Data Assimilation Methods*,  
195-217.

## 1981

37. **Bengtsson, L.**, 1981:  
Numerical prediction of atmospheric blocking  
- A case study.  
*Tellus* 33, 19-42.
  
38. **Bengtsson, L.**,  
1981: Data analysis, initialisation and data  
assimilation.  
*International  
Conference on Preliminary FGGE Data  
Analysis and Results.* (Bergen,  
Norway, 23-27 June 1980).  
WMO, Geneva, 162- 185.
  
39. **Bengtsson,**  
**L.**, 1981: The Weather Forecast. Bergeron Memorial  
Volume.  
*Pure  
and Appl. Geophys.* 119, No. 3,  
515-537.
  
40. **Bengtsson, L.**, 1981: The impact  
of FGGE on global medium range weather  
forecasts. *International  
Conference on Early Results of FGGE and Large-Scale  
Aspects of its  
Monsoon Experiments.* (Tallahassee, Florida, 12-17 January  
1981).  
*WMO Global Atmospheric Research Programme*, 1,  
11-26.
  
41. **Bengtsson, L.**, 1981: Medium range  
forecasting at ECMWF and remaining  
problems. *Proc. of the  
Symposium on Current Problems of Weather Prediction*  
(Wien,  
June  
23-26, 1981). Zentralanstalt für Meteorologie und

Geodynamik,  
Wien, Publication No. 253,  
115-124.

42. **Bengtsson, L.**, 1981: Review of recent progress made in medium range weather forecasting. *ECMWF Seminar on Problems and Prospects in Long and Medium Range Weather Forecasting*, 91-112.
  
43. **Bengtsson, L.**  
and P. Kallberg, 1981: Numerical simulation - assessment of FGGE data with regard to their assimilation in a global data set. *Adv. Space Res. Vol. 1*, Pergamon Press, Oxford, UK, 165-187.
  
44. **Bengtsson, L.** and A. Lange,  
1981: Results of the WMO/CAS NWP data study and intercomparison project for forecasts for the Northern Hemisphere in 1979-80.

## 1982

45. **Bengtsson, L.**, 1982:  
Numerical modelling of the global atmosphere.  
*Proc. of the 4th International Conference on Finite Elements in Water Resources*,  
Hannover.  
Springer Verlag, Berlin, Heidelberg, New York, 1982, 1-27.
  
46. **Bengtsson, L.**, 1982:  
The global weather experiments. Results and

proposals for future  
observing systems. *Proc. from the 14th  
Stanstead  
Seminar, 1982.*

47. **Bengtsson,**  
L., 1982: Performance and limits of global models in  
the  
Mediterranean. *Rivista di Meteorologia Aeronautica*, Vol.  
XLII,  
No.2/3, 123-142.
  
48. **Bengtsson, L., H.**  
Böttger and M. Kanamitsu, 1982: Simulation  
of hurricane-type  
vortices in a general circulation model. *Tellus*  
34,  
441-457.
  
49. **Bengtsson, L., M.**  
Kanamitsu, P. Kallberg and S. Uppala, 1982: FGGE  
4-dimensional Data  
Assimilation at ECMWF. *Bull. Amer. Meteor. Soc.*  
63,  
29-43.
  
50. **Bengtsson, L., M.**  
Kanamitsu, P. Kallberg and S. Uppala, 1982: FGGE  
Research Activities  
at ECMWF. *Bull. Amer. Meteor. Soc.* 63,  
227-303.
  
51. **Bengtsson, L., M. Kanamitsu, P.**  
Kallberg, and S. Uppala, 1982: Diagnostic  
and predictability studies  
using FGGE data. *ECMWF Seminar on Problems  
and Prospects in Long  
and Medium-Range Weather Forecasts, 14-18 September  
1981, ECMWF,*  
Reading, U.K., 405-428.

## 1983

52. **Bengtsson, L.**, 1983:  
Observational requirements for long-range forecasting.  
*WMO, Long-Range Forec. Res. Publ. Ser.1,*  
219-229.
53. **Bengtsson, L.**, 1983: Results of the global weather experiment. *WMO No.610,*  
2-40.
54. **Bengtsson, L.** and A.J. Simmons,  
1983: Medium range weather prediction operational experience at ECMWF. *Large Scale Dynamical Processes in the Atmosphere.*  
Editor B. Hoskins and R. Pearce, Academic Press,  
337-364.

## 1984

55. **Bengtsson, L.**, 1984:  
Operational Medium Range Weather Prediction at ECMWF. *10th Conference on Weather Forecasting and Analysis, June 25-29, 1984,*  
Clearwater Beach, Fla., Amer. Meteor. Soc.,  
286-300.
56. **Bengtsson, L.**, 1984: Die mittelfristige Wettervorhersage.  
*Promet1/81,*  
2-7.
57. **Bengtsson, L.**,

1984: Vorgeschichte, Zielsetzung und Aufbau des  
EZMW.  
*Promet*1/84,  
1-2.

58. **Bengtsson,**  
L., 1984: Medium-range forecasting at ECMWF: A review  
and  
comments on recent progress. *Problems and Prospects in Long  
and  
Medium Range Weather Forecasting*. Eds. D.M. Burridge and E.  
Källen.  
Springer Verlag,  
21-42.
59. **Bengtsson, L.**, 1984:  
Four-dimensional data assimilation. *ECMWF  
Seminar on Data  
Assimilation Systems and Observing Systems Experiments  
with  
Particular Emphasis on FGGE*,  
1-6.
60. **Bengtsson, L.**, 1984: The ECMWF  
General Circulation Model and its  
Operational Implementation.  
*Proc. of a Conference on National Planning  
of Research Strategy  
and its Variability*, Feb. 26-27, 1984, Indian  
Inst. of  
Technology, New Delhi.
61. Simmons, A.J., and **L.**  
**Bengtsson**, 1984: Atmospheric General Circulation  
Models: Their  
Design and Use for Climate Studies. *The Global  
Climate*. Ed.  
J.T. Houghton, Cambridge University Press,  
37-62.

62. Tibaldi, S. and **L. Bengtsson**,  
1984: Impact of orography and global-scale  
forecasting.  
*Proceedings of International Symposium on the  
Qinghai-Xizang  
Plateau and Mountain Meteorology*, March 20-24,  
1984, Science Press,  
Beijing/Amer. Meteor. Soc., Boston, MA, 1986,  
219-226.

## 1985

63. **Bengtsson, L.**, 1985:  
Medium Range Forecasting - the experience of  
ECMWF. Report of  
*Seminar on Progress in Numerical Modelling and the  
Understanding  
of Predictability as a Result of the Global Weather  
Experiment.*  
Sigtuna, Sweden, October 1984. *Garp Special Report  
No. 43*, III.12-III.  
45.
64. **Bengtsson**,  
**L.**, 1985: Medium Range Forecasting - The experience of  
ECMWF.  
*Bull. Amer. Meteor. Soc.* 66,  
1133-1146.
65. **Bengtsson, L.**, 1985:  
Four-Dimensional Data Assimilation into Atmospheric  
Global Models.  
*Proceedings of a Conference on the Use of Satellite Data  
in  
Climate Models*, Alpbach, Austria, 10-12 June 1985, *ESA  
SP-244*,  
7-17.
66. **Bengtsson, L.**, 1985:  
ECMWF - Ten years of European meteorological

co-operation. *WMO*

*Bull.*34, 289-296.

67. **Bengtsson, L.**,  
1985: Medium-range forecasting at the ECMWF. *Adv. Geophys.*  
Vol. 28B, Academic Press, London,  
3-54.
68. **Bengtsson, L.** 1985: ECMWF and the  
future. In: *Medium Range Weather  
Forecasts - The First 10  
Years*. Proceedings of the seminar commemorating  
the tenth  
anniversary of ECMWF, 22 November 1985, pp.  
109-124.
69. Dell'Osso, L. and **L. Bengtsson**,  
1985: Prediction of a typhoon using  
a fine-mesh NWP model. *Tellus*  
37A, 97-105.

## 1986

70. **Bengtsson, L.**, 1986:  
The role of GARP in numerical weather prediction.  
Preprint  
*National Conference - Scientific Results of the First GARP  
Global  
Experiment*. Jan. 14-17, 1986, Miami, Florida,  
58-61.
71. **Bengtsson, L.** 1986: Four  
Dimensional Data Assimilation. International  
Conference on the  
Results of the Global Weather Experiment and their Implications  
for  
the World Weather Watch. *WMO/ICSU GARP Publication Series  
No.26*,  
187-216.

72. **Bengtsson, L.** 1986:  
ECMWF - ten years of European meteorological  
co-operation. *Meteor.*  
*Mag.*115, 1986, 150-157.

73. **Bengtsson,**  
**L.** 1986: Next Friday's weather. *Nature &*  
*Technology.*  
Ed. N. Calder.

## 1987

74. **Bengtsson, L.** 1987:  
EARSeL Symposium 1987 - Keynote address: Satellite  
Data and Global  
Weather Prediction. *EARSeL News*, June 1987, No.  
32, pp  
15-21.

75. **Bengtsson, L.** 1987: Samma gamla  
väder - men bättre och  
bättre prognoser. *Forskning*  
*och Framsteg* 7, November 1987,  
pp  
3-11.

76. **Bengtsson, L.** 1987: Status and  
future development of medium and  
long range forecasts. Published in  
*The Great Projects for Scientific*  
*Collaboration*  
*East-West-North-South-International Seminars on Nuclear*  
*War.* Editor:  
A. Zichichi. November  
1987.

## 1988

77. **Bengtsson, L.**, 1988: Computer requirements for atmospheric modelling.  
*Multiprocessing*  
*in meteorological models*. Eds.  
G.-R. Hoffmann and D.F. Snelling. Springer  
Verlag,  
109-116.
78. **Bengtsson, L.** 1988: Weather  
Forecasting and Prediction. *McGraw-Hill*  
*Yearbook of Science and*  
*Technology 1988*, pp 483-488.
79. **Bengtsson,**  
**L.** and J. Shukla, 1988: Integration of Space and In  
Situ  
Observations to Study Global Climate Change. *Bull. Amer.*  
*Meteor. Soc.*  
69, 1130-1143.
80. **Bengtsson,**  
**L.** and S. Tibaldi, 1988: ECMWF: 10 anni di  
cooperazione  
meteorologica europea. *Rivista Aeronautica* 1,  
1988, pp 36-43.

## 1989

81. **Bengtsson, L.**, 1989:  
Medium-Range Forecasting - an Introduction.  
*Meteor.*  
*Atmos.*  
*Phys.*40, pp. 1-2.
82. **Bengtsson, L.**,  
1989: Advances in the numerical prediction of the  
atmospheric  
circulation in the extra-tropics. *Extratropical Cyclones.*  
*The Erik*  
*Palmén Memorial Volume. Amer. Meteor. Soc.*, 1990,  
194-217.

83. **Bengtsson, L.**, 1989: On the growth of errors in data assimilation systems. *ECMWF Seminar on Data Assimilation and the Use of Satellite Data*.
84. **Bengtsson, L.**, 1989: Numerical weather prediction at the Southern Hemisphere. *Third International Conference on Southern Hemisphere Meteorology and Oceanography. Amer. Meteor. Soc.*, 1-3.

## 1991

85. **Bengtsson, L.**, 1991: Advances and prospects in numerical weather prediction. *Q.J.R. Meteor. Soc.* 117, 855-902.
86. **Bengtsson, L.**, 1991: Data assimilation in Atmospheric Models. In: *Strategies for Future Climate Research*. Ed. M. Latif, pp 227-250.

## 1992
